THE EASTERN WAR

Is in many respects the most interesting international conflict of the century. Russia, the larger power, is at disadvantage in being so far from base. Japan's disadvantage lies in the superior land forces she will ultimately face-if the war lasts.

ALL OF THE DETAILS OF ACTUAL FIGHTING,

With adequate picturing, will be a pronounced feature of the Daily Republic's unexampled special war service.

In addition, there will appear, daily and Sunday, many articles of interest, with striking illustrations, having a bearing on the peoples and territory affected.

If you are not now a regular reader of the daily and Sunday Republic there is no better time to speak to your newsdealer on the subject.

ARREST ALLEGED COUNTERFEITERS.

East St. Louis Police Find Molds and Spurious Coin in House of Suspects.

Harry W. Cain, 23, switchman.

Detectives Fitts, Hagerty and Nevills of the Past St. Louis Police Department late yesterday afternoon arrested Roy San-born, Harry W. Cain and William Croy at No. 415 Piggott avenue, East St. Louis, on a charge of counterfeiting.

Molds for the manufacture of half dollars and nickels, a melting ladie, white metal, nitric acid, plaster of Paris and putty and one unfinished nickel were found n a room in the house.

Chief Purdy sweated the men, and from Croy, it is said, secured a statement to the effect that Cain had told him he could manufacture counterfeit money, and that he had agreed to go in with Cain in showing the stuff by means of a nickel-in-the-slot machine, which he said he had intended getting the agency for in East St. Louis.

tended getting the agency for in East St.
Louis.

Cain and Sanborn deny all knowledge of
the counterfeiting. Monohan Brothers,
grocers, informed the police that the trio
passed counterfeit money at their store.

For the last two weeks the East St.
Louis police have been receiving complaints from merchants and the street car
company that counterfeit haif dollars and
nickels were being passed. Chief Purdy detailed several detectives on the case, and
through the merchants and others claim
that they were enabled to trace had
money to Sanborn. Cain and Croy, who
lived in Mrs. Nettie Wilson's boardinghouse at No. 45 Piggott avenue.

Yesterday afternoon Chief Purdy instructed his men to arrest the tria and
search the house. Molds, constructed of
paster of paris and the unfinished nickel
were found on a shelf in the kitchen of
the house. At the police station it is stated that Croy said that he had never seen
any of the counterfeit money made and
that he did not know that any of it had
been made.

Cain and Sanborn are single and had separate rooms. Croy is married and occupied the basement of the house.

Mrs. Croy and Mrs. Wilson stated that they frequently smelled odors of acid which emanated from the kitchen, but at those times the doors to the kitchen were locked and that they did not see anything wrong and did not suspect that bad money was being made in the place.

The date on the nickel mold is 1992 and on the half-dollar molds 1993. The molds were constructed out of plaster of paris and were then split apart. The molitametal was poured through an aperture on the side, and then, when the cast cooled, the edges were trimmed off.

The molds were discolored, showing that they had been given considerable use, but were still clean and would make a presentable counterfelt.

Heart Fallure and Sudden Death Sure Unless You Do the Right Thing Now.

Failure or weakness of heart action is very prevalent. It is a most serious and dangerous condition to be in. The first symptoms may be very slight, and apparently trivial.

But do not fail to heed them if you value your life. The warnings are plain and unitstakable.

Nervousness and weakness additions.

your life. The warnings are plain and unmistakable.

Nervousness and weakness, giddiness,
swimming of the head, strange, faint feelings, trembling, short breath, sinking sensation, coldness of feet and legs, fluttering or palpitation in eft side of the chest,
feeling of apprehension or anxiety as of
impending danger, drowsiness daytimes,
sie-plessness at night.

A little overexertion, excitement or
emotion may bring on the attacks at any
time. Sudden rising from a stooping or
reclining position will cause dizziness, and
rapidly climbing stairs will make the
heart palpitate, produce weariness and
shortness of breath. In some cases there
are pains in the region of the heart, but
in most cases there is no pain whatever.
Neglect of these symptoms will result in
heart failure, spasms or neuralgia of the
heart, or death.
Hon. S. J. Dana, Fayston, Vt., says:

"It has been my misfortune to suffer for a long time with a very severe pain in my stomach and lack of sleep, and what little sleep I did get was almost worthless. I was also troubled with heart trouble. This had become in my stomach and lack of sleep, and what little sleep I did get was almost worthless. I was also troubled with heart trouble. This had become worse than usual before I used Dr. Greene's Nervura blood and nerve remedy, but since then I have been greatly helped. My sleep has been improved, so that I feel refreshed, and in that respect feel like a boy. The pain in my stomach, which I called indigestion, has left me. I feel as though the wheels of time had been turned back a few turns, and I attribute it all to Dr. Greene's Nervura blood and nerve remedy. I have no hesitation in saying, before all the world, that Dr. Greene's Nervura leads all the medicines that have ever come before me. Publish for the good of others this letter and my photograph."

If you are saffering from weak heart, weak nerves, or any similar complaint, take Dr. Greene's Nervura blood and nerve remedy. It will cure you and give you perfect health. These troubles are especially dangerous and must in all cases be cured immediately, or fatal results will follow.

Dr. Greene's Nervura blood and nerve remedy is not a patent medicine, but the prescription of the most successful living specialist in curing nervous and chronic diseases. Dr. Greene of 101 Fiith avenue, New York City. He has the largest practice in the world, and this grand medical discovery is the result of his vast experience. The green treputation of Dr. Greene is a guarantee that his medicino will cure, and the fact that he can be consulted by anyone at any time, free of charge, personally or by letter, gives absolute assurance of the beneficial action of this wonderful medicine.

to do so. It is also stated at the Post Office that the charges against Bracken contain no reflection on his honesty, and it is also reflection on his honesty, and it is also insisted that there is no resentment against him because of his faithfulness to former Postmaster Baumhoff.

I could not persuade him to follow my advice though he often promised to do so. I have been his friend, but I am forced to a place now where I must show that I know what I am doing, and let the department decide whether I am justified in preferring charges, which I shall send to Washington in a few days."
